WILL KERLIN

PLAYER PROFILE

Born on February 21, 2001, in Bedford, England, Will Kerlin is a formidable presence in the net, standing at 6'1" and weighing 194 lbs. As a left-catching goaltender, Kerlin has honed his skills with various teams over the years. His standout season was with the Ontario Hockey Academy Maroon in the HED U18 during the 2018-19 season, where he boasted a stellar save percentage of .944 and a goals-against average of 1.85 in 26 games. He also secured 6 shutouts that season, showcasing his ability to keep the puck out of the net. With a promising trajectory, Kerlin is a key player for the Milton Keynes Lightning.

COACH'S COMMENTS

Last weekend was a lot of fun. To give Jimba what he deserves and then to get a great win in front of a great crowd is what it's all about. We had a great start and got the crowd behind us early. We played physical, passed the puck like we can and put them away after two periods. Little dip in the third but I was happy with the way we played.

Sunday was a tight game with both goalies playing very well. We stuck with it and played the right way throughout. Some things we can tighten up for sure but the effort and will to win was there. We have to keep the pedal down and keep going in the right direction against Raiders who has some dangerous players up front.

NOTABLE PLAYERS

Well known to MK fans, Adam Laishram scored 19 points in 10 games for Raiders last year and has joined them full time this year. So far he's Raiders' top scorer with 26 points in 12 games, and as known for his skills, being a Memorial Cup winner from the OHL during his junior career. Adam is a great skater, protects the puck well, works hard and scores points and it's good to see him back in MK for the day at least!

Jake Sylvester has scored over a point per game so far this year for Raiders, including 9 goals so is one to watch out for in front of net. His physical approach to battling forwards means he often finds a way to cut through towards the goal.

Goaltender Ethan James always seems to play well against MKL, and is a great guy off the ice too. So far he's played nearly 10 hours in net, with a 87.4% save rate. He can be a real difference and game winner for Raiders so watch out for his shot stopping and overall influence.
