 PRIDE  VALENTINES  SKATE WITH THE PLAYERS

BASICS OF ICE HOCKEY

The game is played in three 20 minutes periods with the ice resurfaced between the periods.

The aim is to score as many goals as you can – Ice hockey does not end with a draw, so if its level score at the end of 60 minutes, the match will go to overtime and penalties shots.

When the match starts there should be 1 goalie, and 5 players for each team. Then the fun starts, the match faces off.

The players are generally on the ice for about 1-2 minutes before they will switch “lines” (watch the bench here). 3 players may go off, and will be replaced by 3 other payers, and this will continue throughout the match.

Ice hockey is a fast sport, and this gives the guys a chance to recover.

Should any player get a penalty, which could be tripping, hooking, slashing, or even too many men on the ice, the player who got the penalty will go to the penalty box, known as the sin bin.

Most penalties will be 2 minutes, but some are 5 minutes, like fighting, and some penalties can be more than this. When this happens, the team with the person in the penalty box will be player one player down, known as a Powerplay to the other team.

The announcer will let you know, and the score board will show who’s in the Sin Bin!

COACH'S COMMENTS

The team is starting to gel and all of us are pulling in the same direction. With our GB guys gone we knew this weekend was going to be a tough test for us. Saturday started a little sloppy but once we got going we played very well offensively. Was nice to see Rio back and see some players step up. The fans were great and definitely got us going.

Sunday in Hull was a battle and I loved our team's resilience and focus. It was a close game throughout and we stayed the course and played very well defensively. With one game this weekend we need to come out flying and set the tone early. Let's keep this train rolling!
